VOL. XVII. NO. 190. CHARLEROI, WASHINGTON CO., MONDAY, JANUARY 29, 1917. ONE CENT

TAX CAMPAIGN WELL UNDER WAY

Duplicates for 1910 to 1912 Nearly Cleared Up--Arrests for Non-Payment

PLENTY OF WARNING GIVEN

Taxes for the year 1910 have been cleaned up by Deputy Tax Collector C. W. Albright and he now is working on the collection of taxes for succeeding years. The campaign of collection is being waged steadily and arrests are now in order. The first arrest for non payment was made last week and it is expected others will follow shortly.

From $4,000 to $5,000 have been received in taxes since the present campaign started and the duplicates for 1910, 1911 and 1912 have been well cared for. Less than $200 remains to be collected up to $1912. Those owing for 1913, 1914 and 1915 have not responded so readily and there is still a considerable sum remaining to be collected.

A bondsman for the tax collector said this morning, "Collection will be pressed from this time forth. Hint of what may be expected to follow was given last week when the first arrest was made. There will be other arrests unless taxes are paid. Plenty of warning has been given.

ARMOUR MEN ATTEND PITTSBURGH BANQUET

S. D. Hill and McKee Middleton were in Pittsburg Saturday to attend a get-together meeting ali the Armour managers, salesmen, credit men and cashiers in Superintendent H. G. Sharpnack's territory. The meeting, which was held in the Fort Pitt hotel was attended by about 200. It was called to order and splendid talks were given by department heads from Chicago, as well as by men of the local field relative to the business of the company and for the general good. At 7 o'clock in the evening all business having been dispensed with, all joined at the banquet table where the evening was spent with music, song and speaking. Some of the "old war horses of the company whose hair had become silvery in the service told many an interesting tale of the pioneer days in the Pittsburg district. As a final climax Mr. Sharpnack was presented with a Victrola by those who serve under his banner. A toast was given to J. Ogden Armour, termed that "quiet, kindly gentleman in Chicago who commands the respect and love of all who know him."

MARGUERITE CLARK TO BE FEATURERD AT THE COYLE

The attraction at the Coyle theatre Thursday and Friday of this week will be Marguerite Clark in Famous players production "Miss George Washington". The story is one of a girl who could not tell the truth but who is reputed never to have told a lie in her life. It is one of the cleverest roles in which Miss Clark has appeared.

ASSEMBLYMAN SPROWLS INJURED IN ACCIDENT

Donora Man Thrown From Machine At Coatesville and Suffers From Bruises and Wrenched Knee

Assemblyman J. Add Sprowls of Donora is at Coatesville at the home of a friend suffering from injuries received in an automobile accident at that point last Friday night. With some former Donora people he was out motoring. Another machine approached. The driver of the approaching machine would not dim his lights and to avoid a collision Walter Nearer who was driving the machine in which Dr. Sprowls was an occupant rammed into a telephone pole. Dr. Sprowls was thrown from his seat and sustained bruises and a wrenched knee. Mrs. Sprowls left for Coatesville Monday.

TODAY LAST FOR REMONSTRANCES

Strong Opposition to Be Centered Against New Liquor Applications

READY FOR LICENSE COURT

Today is the last day for the filing of remonstrances against and supplemental petitions for the granting of the liquor licenses at the coming session of license court. All these must be in by 5 o'clock this evening. There will not be many remonstrances filed this year. There are really only four new applications. Two of these at least will be strongly opposed. The two are from places where licenses have never been held.

Robert A. Johnston seeks a license for a hotel at Bentleyville, which he purchased a few weeks ago, and Bentleyville citizens are going to oppose the putting of a license in that borough. The town, once a quiet country village, has never had a licensed house. There was formerly a tap house at Ellsworth, which practically adjoins Bentleyville, but that was knocked out a few years ago and there is no licensed bar in that community.

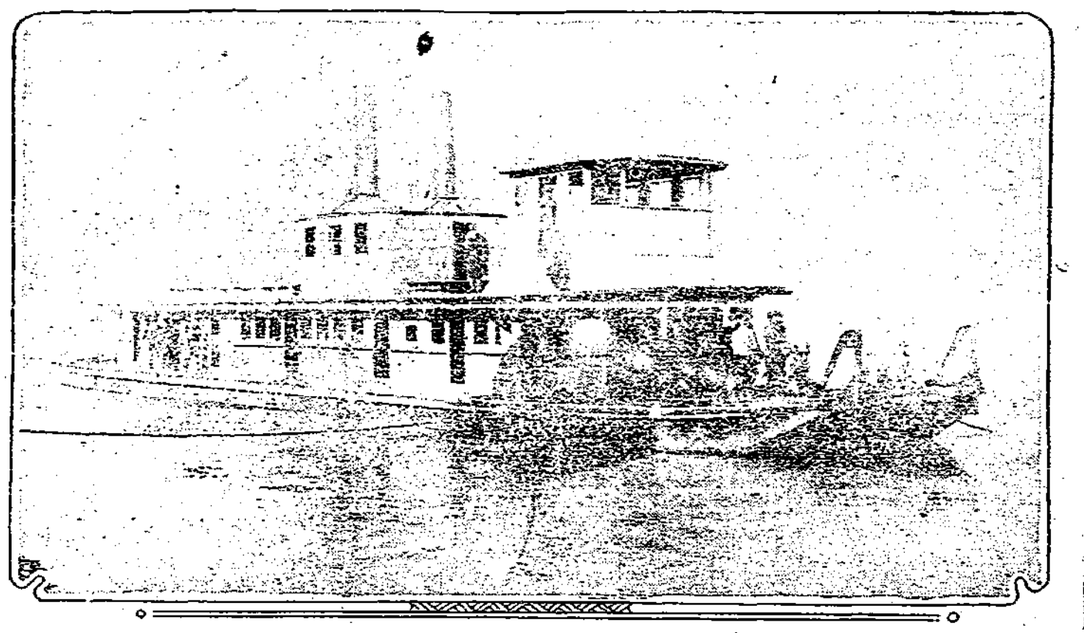
Thomas A. McCune seeks a license at Allenport, a town which has not had a licensed bar. Largely signed remonstrances will be filed from that place. They were freely circulated, and, when the application is called in license court, there will be opposition. Robert E. Michael and John L. Reney are two applicants at Donora in addition to those who already have licenses and are applying for renewals. It is not known whether there will be any remonstrances against these two men or not. The anti-liquor people may leave the matter with the court as to whether or not Donora needs any more licensed hotels. It already has six saloons.

John J. Zwick is the only license holder at Finleyville at present, but this year James E. Hayden and F. W. Shepler, both of whom formerly held license, also seek license there this year. Finleyville at one time had three bars but following alleged violations of the law the town was made dry. Later the court granted one license there and ruled that was sufficient. Mr. Zwick has had that license, with the exception of year before last, when it was held by Elizabeth Hayden. She died during the time she held it and it was transferred to James E. Hayden. Last year Mr. Hayden was refused and the license was given to the hotel conducted by Mr. Zwick. There will be no remonstrances filed against the Finleyville applicants.

General remonstrances will be filed against the application of Harry B. Hayden, for a wholesale license at Monongahela. He has been refused the past several years.

Attorney John C. Judson will look after the interests this year of those opposed to the licenses. He will not have any one associated with him. License court will be convened on Monday, February 5 at 10 o'clock. Judge R. W. Irwin will preside in license court this year.

NEW BOAT MAY HELP TO SOLVE BRIDGE PROBLEM



—Courtesy Pittsburg Gazette Times.

The new twin screw-propellor towboat "Peace," being constructed at the boatyard of the Dravo Construction company, Neville Island, was inspected last week by members of the Citizens' Anti-Bridge Raising Association of Pittsburg. Because the new vessel is ten feet lower than the average boat, it is expected to influence Secretary Baker's decision in regard to raising the bridges. Allegheny county is much stirred over the bridge raising idea. It is believed the low type of boat may save the county millions since with its use it is stated it will not be necessary to raise the bridges of the Allegheny river from their present locations. Reference was made to the construction of the new boat recently in the Mail.

REV. BURSON HAS MUCH SUCCESS IN EVANGELISM

Reception of Members Sunday Feature of Close of Revival—Forty-One Taken Into Church.

The evangelistic services which have been in progress during the month of January in the Washington Avenue Presbyterian church closed with the communion and the reception of members Sunday. The meetings were conducted by the pastor, Rev. John R. Burson and were largely attended throughout. A large chorus choir furnished the music and the Sunday hymns were used. Forty-one persons united with the church at the services on Sunday, 37 on profession of faith. There were many conversions in the homes and a number of the converts will go to other churches.

Sunday evening a sermon was preached to the new converts on "The Overcoming Life" and the day was closed amid great rejoicing.

LOCAL GIRL SECURED BY REDPATH BUREAU

Miss Norma Bosson Engaged as Violinist for High-Class Musical Number That Lyceum Bureau Will Send Out Coming Year.

Miss Norma Bosson, daughter of Mr. and Mrs. A. H. Bosson of Seventh street, who is well known as a violinist, on Saturday made good in test playing before a committee of critics and her services for what is to be a high-class entertainment number were contracted immediately by the Redpath Lyceum bureau for the coming season at a splendid salary.

Miss Bosson returned from Peabody Musical Institute at Baltimore, Md. for the test. She was heard by Manager Boyd who was greatly pleased with her work.

Miss Bosson is to appear with a trio and the first tour will be to various cities of Pennsylvania. Included in the trio are a tenor of Pittsburg and Miss Sass, reader and accompanist. In addition to her violin work Miss Bosson will do some singing with the trio. She returned to her home here Sunday evening for a brief visit before returning to resume her studies at the Baltimore Institution.

Miss Bosson's ability is well known. She first appeared in county musical circles when she played at the Washington county teacher's institute. Two years ago in a contest in Baltimore, she won a scholarship to Peabody and since has been attending there.

REV. HARTUNG RECEIVES MANY NEW CHURCH MEMBERS

Total of 117 Taken in Since Church Year—Revival Comes to an End With Great Service.

With great services Sunday Rev. C. A. Hartung brought his January evangelistic campaign to an end at the Methodist Episcopal church. A feature was the reception of members at the morning service and baptism. Fifty-one were received then, and 25 baptised. In the evening four new members were received, bringing the total number taken in since the beginning of the church year in October up to 117.

The sermons Sunday evening was on the subject, "Who Are Going to be Lost." At that time he read a statistical report that was interesting. During the month's revival prayer meetings were held with the total present 837, the total number of prayers 480, the total number of calls 467 and the total number of testimonies given 316. Five did not miss one revival meeting, four missed one, twelve missed but 2, two but three, five but four and six but five. Prayer meetings will be continued Tuesday afternoons at 2 o'clock for probably a month.

EVANGELIST COLE ASKS THE QUESTION "ARE WE DRIFTING"

Rev. E. A. Cole at the First Christian church Sunday night preached on "Are We Drifting?' His text was "Therefore we ought to give more earnest heed to things we have heard lest happily we drift away from them." He said that we should be careful lest we drift from the faith of our mother's Bible A packed house attended the service The junior choir sang and a duet was rendered by Miss Thelma Duvall and Charles Clerihue. Cottage prayer meetings will be continued this week at the home of H. H. Hannen, Fourth and Shady on Wednesday, at the home of Mrs. William Pianton, North Charleroi, Thursday and at the home of Howard Fields Friday Tonight's subject will be "Why be a Christian?" Tuesday the Baraca class will attend in a body and on Friday the Anchor class will attend.

CONFRATERNITY MEETING HELD

Large Number Attend District Gathering at St. Jerome's Church

BISHOP CANEVIN SPEAKER

The district meeting of the Diocesan Missionary Confraternity of Christian doctrine of the Charleroi center, attended by many priests from surrounding towns and a large concourse of laymen convened Sunday afternoon at 3 o'clock in St. Jerome's Lyceum. Rev. T. F. O'Shea, director of the confraternity was chairman of the meeting and outlined the program of business. Bishop J. Regis Canevin of the Pittsburg diocese featured the meeting by his presence.

President John J. Lentz made some interesting and pointed remarks and read the report of the work of the center since its inception last September. The report was complete and indicated the wonderful progress being made.

Rev. W. D. Fries, pastor of St. Jerome's spoke eloquently explaining that missionary work must not be confined to the clergy alone but must be taken up by the laymen who have a better opportunity of reaching their fellowmen.

Bishop Canevin was introduced by President Lentz. He was highly elated over the large attendance and mentioned that St. Paul's in Pittsburg, would be edified with such a meeting. The bishop's remarks were forceful. He stated the confraternity was not a new organization; that it began with Christ and his apostles who went from place to place instructing the people.

After the business session the assemblage adjourned to the church where benediction was given and the solemn reception of members took place, about 200 being received.

The confraternity meetings are held the second and fourth Tuesdays in the Knight of Columbus hall, where Rev. O'Shea has instruction classes for teachers. Officers are: President, John J. Lentz; vice president, John J. Smith; secretary, Miss Anna Sullivan; treasurer, Miss Nora Riley. Among the priests present Sunday were Rev. D. R. Welch of Monongahela, Rev. Michael McBurney of Finleyville, Rev. John Missius of Bentleyville, Rev. George Barlock, Rev. John Haberda of Charleroi, Rev. J. Moravek of Monessen, Rev. T. F. O'Shea and the St. Jerome's pastors, Rev. W. D. Fries and Rev. S. A. Welch.

MARY PICKFORD, THURSDAY AND FRIDAY ATRACTION

Mary Pickford in the second release of her own company, "The Pride of the Clan," has been booked for the Majestic theatre for Thursday and Friday of this week. It is a character that holds out every opportunity to this diminutive star for making it one of the most popular parts she has created. It is a story of the northwest coast of Scotland.

REMOVING THE HYPHEN

The National Board of Education is starting a campaign to make it compulsory for non-English speaking immigrants to learn our language. Some job! It will take more than advice from wise commissions or imposing court orders. You can't put slow geared mind directly into high speed.

But the man who has said Good bye to the old folks and crossed the strange seas to an unknown land, has energy and initiative. He will dig away at his English speech, just as he digs at his ditch, when he sees there's a dollar in it.

Alien settlements in our towns, reading foreign language papers, talking their old world jargon, are mere fragments of foreign life connected with our country simply by the pay envelope. They add nothing to our capacity for self government. They dig their ditches better than a college professor could. But put them in a shop gang and the work drags while the boss says, "no do this," "No do that"

One of the farmer's troubles now is help that can't speak English. He is tired of sending Stanislaus up to the barn for a monkey wrench, and having him return with the garden fork. Next time the farmer goes himself, while Stanislaus waits around to have his machine repaired.

Foremen in shops employing aliens become experts on signs and gestures. Their pantomime would make good in the moving picture business. Also swearing is a universal language quite well understood. But you can only drive a man about so far. To get real work, you must explain the reason for things. The man who can't understood those explanations is not of much economic use.

The foreigner who learns English ceases to be a drag on his gang. Every word learned is dollars in his pocket and he soon sees it in his pay envelope. Also it helps break up those congestions of alien ideas and remove those barriers of communication that obstruct our political advance.

SAFETY PLANS

More than 2,500 workers were killed and almost 250,000 others were injured in Pennsylvania alone during 1916 as a result of industrial accidents. To reduce this tremendous casualty list the Pennsylvania Department of Labor and Industry, together with corporations and municipalities, is introducing novel means.

One of the most effective ways of impressing the importance of carefulness and caution of employes and the economic, as well as humanitarian, value of safety is by the use of motion pictures and lantern slides. The Department of Labor and Industry has obtained many highly instructive as well as entertaining motion picture reels and slides which are being offered to every Pennsylvania community for exhibition where desired.

The object of the reproduction of the films and slides is not that merely of entertainment, but for impressing upon the minds as only visualization can, the needs of safety. The plan is one that well may be taken up by any community.

* PICKED UP IN PASSING *

"Have you ever had any experience in handling high class ware?" asked a dealer in bric-a-brac of an applicant for work.

"No, sir," was the reply, "but I think I can do it."

"Suppose," said the dealer, "you accidentally broke a very valuable porcelain vase, what would you do?"

"I should put it carefully together," replied the man, "and set it where a wealthy customer would be sure to knock it over again."

"Consider yourself engaged," said the dealer. "Now tell me where you learned that trick of the trade."

"A few years ago," answered the other, "I was one of the 'wealthy customer' class."—Tit-Bits.

Among the applicants for employment in the service of a Jersey household there once came a big, husky Irish girl named Rosalie.

"What was your reason for leaving your last place, Rosalie?" asked the mistress during the course of examination.

"I couldn't stand the way the master and the mistress used to quarrel, mum," was the reply of Rosalie.

"Dear! dear!" exclaimed the lady. "Did they quarrel all the time?"

"All the time, mum," repeated Rosalie, "and mum, whin it wasn't me and him, it was me and her."—Ex.

GINGLES' JINGLES

ENJOY.

Just enjoy and be glad never pays to be sad, if the clouds gather—beat it like fun—or stick in the shade, from the [illegible] just fade—if you only start to collect, you must run. You must pull with a [illegible] a moment don't waste—miss your bus for a spin for as by you are sure if you [illegible] the dumpiness to shoo, see the light—know it always is day. Not so far from the spot where your dense line of thought, makes you feel you're alone in the world, makes you want to cash in, makes you feel you can't win, that your banner shall ne'er be unfurled. You can step from the gloom and give it lots of room, smile at fate, make a friend of your work, you are here but a time and I think it a crime to just torture yourself and to shirk. Never facing the sun as the journey you run, always watching the shadows you cast, face about with a cheer, switch your cares in to clear and enjoy—for this trip is your just.

TO RUN-DOWN WOMEN

Detroit Woman Tells How To Regain Strength.

Detroit, Mich. "I was in such a rundown condition I had no ambition to do anything. I had a chronic cough and cold and nothing seemed to give me any relief, and I was gradually getting worse, until a friend advised me to try Vinol, which I did. After the first day or two it seemed to put new life into me, the tired worn-out feeling began to disappear, I regained my appetite and was able to get a good night's rest. The cough gradually wore away and I am now feeling like myself again, so that I can do all my housework and go about my duties as usual. Vinol is certainly a wonderful medicine." Mrs. W. E. Waters, Detroit, Mich.

Vinol restores health and strength in conditions like this, because in a natural manner it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ in the body.

We guarantee that Vinol will do the same for any run-down person in Charleroi or give back their money.

1,149 Vessels Sunk in 1916

One Reason for the High Cost of Living.

Washington, January 29.—Loss to the world's shipping in 1916 through war causes exceeded the total tonnage constructed, according to estimates by the Bureau of Navigation. Vessels sunk are put at 1,149 of 2,082,683 tonnage, and those built at 2,050, of 1,899,943 tons. Great Britain led shipbuilding with 510. The United States was second with 1,213 vessels of 560,000 tons. Ships built by other countries are given as 782 in number of 720,368 tons. The entire world's merchant-vessel tonnage at present, according to Lloyd's, is 58,683,000.

NEWEST KIND OF AIGRETS ARE MANUFACTURED OF PIG BRISTLES

Oh, the pig, the beautiful pig! May be, some day—but here is the story: On February 1 the sale of aigrets becomes illegal. Forewarned, dealers in millinery began frantic search for a substitute. Feathers were pulled from every known species of bird. All were tried, but all fell short. Milliners were ready to give up in despair. Then inspiration came to a genius. He acted on it and produced artificially an ornament, or 'stick up," possessing just the witchery, the softness and the beauty of an aigret. Dealers marveled at his genius and his skill. Until today the material from which he made his substitute remained a secret. Then it leaked out. It is pig bristles! Milliners insist that the finished product bears no resemblance to the raw material

MISUNDERSTANDING IS CAUSE OF COLLISION

Freight and Passenger Cars Come Together at Phoebe's Crossing Below Donora—Passengers Receive Slight Injuries

In a headon collision as a result of a misunderstanding of signals at Phoebe's Crossing below Donora several passengers were jolted up considerably, street car motormen injured some and damage done to the cars. The accident happened at 11:47 today. George Allfree was motorman of the passenger car and John Kruese conductor. On the freight were William Caughey as motorman and John Reed as conductor. So far as is known no one was seriously hurt. The only freight damaged was some flour, the sacks of which were broken open and the contents spilled.

MARGUERITE CLARK IN GREAT PLAY AT COYLE

The mention of the name of George Washington probably recalls more vividly to mind the cherry tree incident than the fact that he was the savior of his country, so thoroughly has that story been instilled into the minds of the youth of the country. Therefore the announcement that Marguerite Clark is to be starred "Miss George Washington," which is the attraction at the Coyle theatre Thursday and Friday conjures up one of two pictures—a girl who cannot tell a lie, or a girl who cannot tell the truth. In this case the producers have chosen to parody the name and the story deals with one of the most accomplished little fibbers and mischief makers that one could imagine. Before the story closes, everybody is deceiving everybody else and there is scarcely a reputation that is not torn to shreds. 190-t1p

TESTIMONIALS FOR MEDICINES

Lydia E. Pinkham Medicine Company Publishes Only Genuine Ones.

The testimonials published by the Lydia E. Pinkham Medicine Company come unsolicited. Before they are used the Company takes great care to inform itself about the writer. Never knowingly, has it published an untruthful letter, never is a letter published without written consent signed by the writer.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; and their keen desire to help other women who are suffering as they did.

THESE SHOES WEAR 25 YEARS

They Are Made of Grass and Are Still Worn by Natives in Parts of Portugal and Spain.

Esparto shoes, or shoes made of the toughest and strongest of the coarse esparto fibers, are still worn in Iberia and parts of Portugal. There is no shoe made which will outlast them, not excepting leather shoes. Indeed, one pair of esparto shoes has been known to outwear a dozen tanned hide soles. This is due to their faculty of picking up and retaining in their interstices stony particles. As fast as the pebbles are worn out they are replaced automatically by others. Thus a self-soling process is constantly going on. It is not uncommon in some parts of Spain or Portugal to hear the natives boast of wearing a pair of esparto shoes for 25 years or more.

The Versatile Manchurian Farmer.

In the early fall in Manchuria, the natives undergo a sort of magic change from farmer to bandit. It seems something of a psychological somersault—one day a plodding farmer, the next a highwayman. After the tall kaoliang, or giant millet, is cut, and escape is not so easy over the bare plains, another clap of the hands and lo, a peaceful farmer once more! It is not only the farmer who plays this exciting game; many another staid member of the community has his little fling. Some even combine their roles, differentiating according to the seasons. With the oriental's disregard for conditions, a man is often a bandit, merchant and magistrate all at once.—Alice Tisdale, in the Atlantic.

Honey in Jewish History.

The numerous references to honey in the Bible are due to its being the common sweetener of the people; and to this day the Jews, who are fine old crusty conservatives, use honey in cooking where other people use sugar. Still, it had a certain distinction, and was used as the symbol of fruitfulness and plenty. When Jeroboam's wife wished to propitiate the prophet she took him ten loaves, two cakes and a cruse of honey. When Jesus reappeared to his disciples they tested his reality by giving him a piece of broiled fish and some honeycomb to eat. As for John the Baptist, it is known to all that his common food consisted of locusts and wild honey.

Didn't Get the Umbrella.

One of Chauncey Mitchell Depew's best stories is the story of the spotted dog which, as a boy, he bought from a local dog dealer. "The next morning it was raining," he says, "and I took the dog out into the woods, but the rain was too much for him. It washed the spots off. I trotted the dog back to the dealer.

"'Look at this animal,' I said. 'The spots have all washed off.'

"'Great guns, boy!' he replied, 'there was an umbrella went with that dog. Didn't you get the umbrella?'"

Sixty Millions for Furs.

Milady is spending $60,000,000 a year to gratify her fancy for furs. Practically all furs sold to the women of this country are of American manufacture. Returns to the bureau of the census show that only $2,000,000 worth of furs were imported during the past year. The American fur industry is now represented by 1,241 establishments employing 11,927 wage earners with an annual production worth more than $50,000,000.

Took It the Wrong Way.

A draper is bemoaning the loss of a customer at L——. A lady was in the shop on Saturday and bought some goods.

"How much is it?"

"One dollar."

"Dear me! Ninety-five cents is all I have with me. Cannot you let me have it for that?"

"Really, I could not," said the draper, "but you can pay the next time you are in."

"Oh, but suppose I should die?" laughingly inquired the lady.

"It would be a small loss," rejoined the draper, but he saw from behind the injured look the customer wore as she crept out of the door that he had made a mistake somewhere, though it did not dawn upon him until too late.—Exchange.

New Mirror Is Magnifier.

A mirror which magnifies at any distance without distorting the lines or the focus of the object reflected has been perfected by an Erie (Pa.) manufacturer. The mirror is particularly adapted to the needs of mechanics in looking underneath or in back of objects, but is also a practical household article. As it reflects a white light, it is said to recommend itself particularly to the examination of internal or underneath mechanical parts which are difficult to readjust unless taken to the light for examination. Hence, it is also claimed to be invaluable for examining the throat, teeth, mouth or eyes.

MADE "BOOKIES" LOOK SILLY

Visitor From Dublin Turned Neat Trick on London Sharks Who Had Boasted Too Loudly.

A Dublin man, being on a vacation in London recently, patronized a hotel resorted to by two English bookies and, being continually and unmercifully twitted by them, decided on revenge. In the smokeroom one evening the trio were discussing the dexterity of pickpockets, when our friend, who had adroitly introduced the subject, declared that there was nothing wonderful about their work at all. Any ordinarily smart man could do what they do.

"I could easily lift any man, if I so wished," he declared, "no matter who or how alert he might be."

"Bet you fifty to a tanner you don't lift that toff over there, Mr. Mick or Pat, or whatever your name is," snapped one of the bookies, at the same time indicating the only other occupant of the room—a gentleman standing at a distant window.

"Done," said our friend, and the money was taken. He approached the gentleman and spoke to him, at the same time relieving him of his watch and chain, tie pin and pocketbook. The gentleman didn't apparently notice anything wrong, but the bookies could distinctly see the operation. Our friend won his bet and the bookie lost his temper next day on discovering that our friend and the gentleman whom he had lifted were bosom companions who had arranged the little matter between them.—London Mail.

DIDN'T QUITE GET THE IDEA

Library Patron Evidently Was Not Strictly Up to Date in Knowledge of Modern Literature.

A student assistant, engaged in reading the shelves at the public library, was accosted by a primly dressed, middle-aged woman, who said that she had finished reading the last of Laura Jean Libbey's writings, and that she should like something just as good.

The young assistant, unable for the moment to think of Laura Jean Libbey's equal, hastily scanned the shelf on which she was working, and, choosing a book, offered it to the applicant, saying, "Perhaps you would like this, 'A Kentucky Cardinal.'"

"No," was the reply; "I don't care for theological works."

"But," replied the kindly assistant, with needless enthusiasm, "this cardinal was a bird."

"That would not recommend him to me," said the woman, as she moved away in search of a librarian who should be a better judge of character as well as of Laura Jean Libbey's peers.—Harper's Magazine.

Tools Egyptians Used.

Stone implements and household tools, estimated to be 40,000 years old, forming part of a collection owned by Meremptah, son and successor to Rameses the Great, 1,300 years before Christ, have been unearthed in the prehistoric monarch's palace at Memphis, ancient capital of Egypt.

Advices telling of these import discoveries have reached the university museum in Philadelphia from Dr. Clarence S. Fisher, leader of the Eckley B. Coxe, Jr., expedition to Egypt.

In a full report, Doctor Fisher describes wandering through the spacious halls of the great palace that for centuries lay buried in ancient Memphis. Gold ornaments, scarabs, vessels of various kinds and vases were found intact, just as they must have been when the lords of those days departed.

Many of the relics found, says Doctor Fisher, date back to the stone age. Traces of a fire that must have ravished the palace are found on every side, according to the archeologist.—Exchange.

Odd Numbers.

A hen is always given an odd number of eggs to be hatched. Why? There is no reason at all except superstition.

Salutes from warships, forts, etc., are always given in odd numbers, yet no valid reason can be adduced. It is a remnant of the old "odd numbers are lucky" superstition.

Virgil records all sorts of charms and spells practiced round odd numbers—never even ones. Seven is the favorite biblical number, and old divines taught that it held a mystical perfection. It is an odd number.

Falstaff, in the "Merry Wives," is entrapped for the third time. He himself said: "They say there is a divinity in odd numbers," because of the old belief in odd numbers.

Physicians of other days always insisted that "bleedings" should be in odd numbers—one, three, five, etc., and never an even one.—London Mail.

Sound Thoughts—Sound Body.

You may have a well body, but you must begin to build it with your word. Instead of laying up weak and sick word in your body, begin now to speak the word of strength and health—and keep it up. Don't look at what has been. Lot's wife tried that, and she never got beyond the past. Clear out of your mind all this rubbish about uric acid, gallstone, etc., and you will find that none of them has lodgment in your body. The thought makes the body and determines the condition it lives in. Thoughts of health are living, eternal things, and they work with their irresistible power of almightiness to tone up the organism to their own high key of harmony and capability.—Unity.

Penalties For Meat Eating.

A most remarkable regulation affecting the food supply was one which attained its full vigor during Shakespeare's youth and which, in view of his early familiarity with the slaughter house—there are seventeen references to the butcher's trade in the historical plays—must have been brought particularly to his notice. This was the law, first enacted in 1549 and extended in 1563, enforcing abstinence from flesh for political and economic reasons, not only in Lent and on Ember days, Vigils and Fridays, but also on Saturdays and even on Wednesdays. The object aimed at in this legislation was the strengthening of the British navy through the encouragement of the fisheries, the North sea fisheries being regarded as a gold mine which the Dutch were exploiting. In 1563 four women who had a meal of meat in a London tavern during Lent were set in the stocks all night, and the woman who supplied them was set in the pillory.

Wild Cotton.

A common plant which grows in a score of shapes and sizes is the milkweed. It is called milkweed from the milky juice contained in the stems. Some bear white blossoms, others purple, while the stems and leaves have a variety of sizes and shapes. After the blossoms disappear the plants bear seed pods, which are the "hangars" for the air scouts.

Each seed has a set of wings of airy lint. As the pods ripen and break open the wind lifts the light seeds and scatters them broadcast.

Nature came very near making a substitute for cotton when she produced milkweed. In fact, the plant is known sometimes as "wild cotton." But the lint in the seed pods has not the twist of cotton fiber and therefore cannot be used for spinning. Nevertheless it provides a satisfactory down for stuffing pillows, a use to which frequently it is applied.—Boston Journal.

An Artist's Joke.

Holman Hunt, who began life as a clerk to an auctioneer and estate agent, was constantly drawing portraits when he should have been drawing up leases, and in his chosen profession he was never slow to seize the flying moment. The windows in his room were made of ground glass, and as he had little to do he spent much of his time in drawing flies upon its roughened surface. A blot of ink sufficed for the body and some delicate pencil strokes for the wings, and at a distance the deception was perfect. Day by day the number increased, and one morning his employer came in, stopped before the window and exclaimed: "I can't make out how it is. Every day that I come into this room there seem to be more and more flies." And, taking out his handkerchief, he attempted to brush them away.

New Zealand's Glaciers.

The great size of the glaciers around Mount Cook, in New Zealand, has been often remarked. The Tasman is eighteen miles long, the Murchison ten miles, the Godley eight miles, the Mueller eight miles and the Hooker seven miles. Most of these glaciers have moraines of exceeding roughness, but the approaches to them are not steep, as is usually the case with European glaciers. The southern Alpine snow line is only a little over 7,000 feet. Glacially polished rocks are rare, and in many ways the mountains are singularly different from those of central Europe.

His Practice.

"The footpad fired at you four times from a distance of twenty feet and yet missed you?"

"Oh, no!" replied the hero of the adventure. "I missed him. I have dodged so many automobiles and motorcycles that I had no difficulty in dodging the bullets."—Kansas City Star.

Missing Then.

Father—Don't know the French for cat, and you had a French nurse for years! Hopeful—But, dad, we hadn't got a cat when Adele was with us.—London Punch.

There Were Others.

Redd—You say he ran into debt when he got his car? Greene—Yes; that was the first thing he ran into.—Yonkers Statesman.

PRACTICAL HEALTH HINT.

Diet For Diabetes.

A Kansas City doctor advises a diet of raw starch for diabetic patients. He places them on raw starch and water only for from one to four days, until they have burned all the sugar out of their systems.

The starch is given in the form of cornstarch, a rounding teaspoonful stirred into a glass of water three or four times a day. Or he lets them eat raw potatoes with a little salt. A daily sponge bath and rubdown is the only other treatment.

As soon as no more sugar can be detected he allows the patient to eat lettuce or celery with a little salt and a soft boiled egg. After awhile meat and other vegetables are added to the diet. All sugar and cooked starch are barred until the patient has been sugar free for several months, when a little toast or bread is allowed. If the sugar returns the patient is put back on the raw starch and water for a day or two.

CHARLEROI HIGH TOO MUCH FOR ACADEMY TOSSERS

Victory Taken by Local Five from East Liberty Saturday Night

WIN IN LAST FEW MINUTES

Springing a surprise the Charleroi high school basketball team Saturday night showed its true mettle by defeating the strong East Liberty Academy five on the Charleroi floor by the score of 25 to 23. The game was worth going miles to see, and as a matter of fact several did go miles to see it.

The affair opened up with Charleroi leading on the tip off. Pollock was on center opposing a tall, husky Pittsburger. First score was made by Fiedler who within two minutes after the referee's whistle was given an opportunity to display his foul shooting ability. The first half went like lightening, with both sides guarding close and keeping the field goals down to the minimum. At the end of the first the score stood even all but one point, that point in favor of the visitors who had warmed up to true form in the latter part of the half.

At the beginning of the second half both clubs showed the effect of the coaching they had received during the intermission. Pollock led again on the tip off and the Charleroi team work showed up well. However East Liberty was strong on team play, though not on shooting, and their guarding was immense. It was a case of foul goal rivalry in the second half with Charleroi on the losing end.

Then came the exciting last five minutes of play. Hill who had not been able to find the basket up until this time planted one in while everybody was looking. Before the excitement had subsided Stahlman who had been playing one of his best games guided a difficult one through the basket. The whistle blowed and the enemy quit. Lineup:

Charleroi—25		East Liberty—23
Hill	F	Caldwell
Fiedler	F	Masely
Pollock	C	Vibelunus
Stahlman	G	Hamilton
Eagye	G	Eckley

Substitution—Baruch for Hamilton. Field goals—Hill, Pollock 2, Stahlman 3, Masley, Vibelunus 3. Goals from fouls—Fiedler 13 of 21, Masely 15 of 26. Referee—Steytler. Timekeeper—Carl and Bortz.

PINCHO BESTS MURRAY IN TEN ROUND BATTLE OF FINAL AT THE RINK

Young Pincho, a Charleroi boy who never before appeared in a final Saturday night bested the rather famous Toughey Murray of Ambridge in ten fast rounds before the Charleroi Athletic club at the rink.

Pincho was substituted for Marty Henderson in the final, Henderson being confined to his home by illness. The form showed by Pincho was a surprise. He was particularly strong at the end. The first two rounds were good draws. Then pincho began to edge to the front with good leads and took two rounds. The fifth was a draw and Pincho claimed about three more rounds. The tenth was his also. Both lads were in good form and the battle took rank as one of the best that has been staged this season before the local club. It assured Pincho of the start that he has been working for since he entered the ring a year ago.

Eddie Wimler, though boxing unpopularly, shaded Patsy Dugan of Youngstown in six rounds, taking five of them. He got the ill will of fans by tactics they did not approve of.

Young Ketchell of Donora ended the ambitions of Kid Sullivan of Monessen in two rounds by laying him out cold. The engagement was interesting as long as it lasted.

"Cockie" Herrington and Dan Weaver, both of Charleroi attempted conclusions in the curtain raiser. At the end of the second Herrington maintained he had suffered a sever injury to his thumb and refused to go on with the battle.

William Riley of Monessen refereed all bouts. A crowd of about 1,000 attended the affair.

CHARLEROI'S CHANCE GOOD IN WASHINGTON COUNTY LEAGUE RACE

In the Washington County Interscholastic league the Washington high school basketball team is leading with three victories and no defeats. Canonsburg is closely following with three victories and one defeat. Charleroi and McDonald are tied for third place, each with .500 percent. Monongahela and Donora are tagging along at the rear end.

To the Charleroi fans it appears there will be just three teams in the race, Charleroi, Washington and Canonsburg. Charleroi got a bad start through its defeat at Canonsburg before the team had fairly been organized. Since striking its stride however the local five is showing promise of being at the head of the procession before many moons. Charleroi's easy defeat of McDonald a week ago and the subsequent defeat of Monongahela by McDonald last Friday forms some basis for a comparison of the relative strength. McDonald is considered, as a sensation, especially at Washington. Yet McDonald was not even a stumbling block for the Charleroi athletes. The standing of the teams follows:

	W.	L	Pct.
Washington	3	0	1.000
Canonsburg	3	1	.750
McDonald	2	2	.500
Charleroi	1	1	.500
Monongahela	1	2	3.33
Donora	0	4	.000

HIGH SCHOOL GIRLS WIN DECISIVELY FROM DONORA

Substitutioins—Gray for Rylands, Clutter for Weiner, O. Gallatin for L. Keifer. Field goals—Clerihue 6, Ryland 5. Foul goals—Provins 1, Eyman 4. Referee—Mr. Burke.

TAMAQUAS WIN FROM THE WILLIAM PENN CLUB

The Tamaqua basketball five, also known as the high school second team won from the William Penn club in a preliminary game at the high school gymnasium Saturday. Lineup:

Charleroi—17		William Penn—13
Parent	F	Bennett
Wagner	F	Stanley
Lowstuter	C	Boose
Glunt	G	Reisz
Booth	G	Parsons

Substitution—Haney for Parent. Field goals—Parent 4, Wagner, Lowstuter, Glunt, Bennett, Stanley, Boose. Goals from fouls—Parent 2, Booth, Bennett 4 Stanley 3 Referee—Eagye.

OUTLOOK GOOD FOR LEAGUE IN MONON VALLEY

Three Managers Talk Over Prospects and Make Arrangements Saturday

TEAMS BEING STRENGTHENED

Enough organization work has already been done to make it a certainty that there will be a baseball league of the Monongahela valley the coming season, with teams from the Pittsburg Steel, the Pittsburg Steel Products company, Monongahela and Donora forming the circuit. Saturday a get-together session was held in Charleroi by James Drinkwater of Monongahela, Arch Osborne of the Pittsburg Steel and Clyde Regester of the Pittsburg Steel Products at which time plans were discussed. Donora was unable to have a representative present at the meeting and the election of officers and transaction of other business incidental to organization was delayed until the present week-end.

At the coming meeting in addition to the election of officers and the appointment of committees the schedule will be thrashed out. Already a tentative schedule has been prepared to be offered. It calls for one league game a week, on Saturday. Twilight games may be played with outside teams during other days of the week.

Men are being signed for the various teams and a compact circuit with star players in the fold is expected to star players in the fold is expected to be the result. Progress has been made by all managers toward getting their nines in shape.

Camel
CIGARETTES
CAMEL
TURKISH & DOMESTIC BLEND CIGARETTES
win smokers because they find the blend of choice Turkish and choice Domestic tobaccos so refreshing; because they appreciate the absence of any unpleasant cigaretty after-taste!
The stamp placed over end seals the package, which keeps out air, thereby preserving the quality of the blended tobaccos. By inserting the fingers as illustrated, the stamp easily breaks without tearing the tin foil, which folds back into its place.
Camels are pure and wholesome and you'll prefer this blend flavor to either kind of tobacco smoked straight. And the quality is so apparent men do not look for or expect coupons or premiums!
Once you know the delightful mellow-mild-smoothness of Camels—and how liberally you can smoke them without a come-back—you'll choose them against any cigarette at any price!
Camels are sold everywhere in scientifically sealed packages, 20 for 10c; or ten packages (200 cigarettes) in a glassine-paper-covered carton for $1.00. We strongly recommend this carton for the home or office supply or when you travel.
